Key metrics

Metric	Value	Unit / note
Open PRs	47	currently open
Stale Open (>30D)	0	need attention
Avg Cycle Time	9.5 hrs	
Median Cycle Time	7.6 hrs	
Avg Wait for Review	12.1 hrs	
Avg Review Duration	8.1 hrs	
Merge Rate	85.71	%
Avg Reviews / PR	1.0	

Stale PR Alerts & Recommendations

#139107 - kubect!l: filter top pod metrics using pod field selectors

Mujib-Ahasan | 3 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139106 - Support command execution in `kubect!l port-forward`

NadavTasher | 3 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139105 - Retry admission webhooks on transport errors

mattsu2020 | 3 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139104 - [prototype] unordered list init

Jefftree | 3 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139103 - CPUmanager checkpoint generalization to v4 with embedded v3

lukaszwojciechowski | 3 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139102 - CPUmanager checkpoint generalization to v4 with embedded v2

lukaszwojciechowski | 3 days open | high priority

Why flagged

- No reviews yet

Recommended actions

- > Assign a reviewer

#139100 - self-nominate ndixita to be a sig-node reviewer

ndixita | 3 days open | high priority

Why flagged

- No reviews yet

Recommended actions

- > Assign a reviewer

#139098 - e2e: skip HostCleanup test when worker has no NodeExternalIP

Jefftree | 3 days open | high priority

Why flagged

- No reviews yet

Recommended actions

- > Assign a reviewer

#139093 - Fix 130069 fix context todo kubelet cm - part 2

kAvEh-- | 3 days open | high priority

Why flagged

- No reviews yet
- Large change set (23 files)

Recommended actions

- > Assign a reviewer
- > Split into smaller PRs for faster review

#139114 - Clarify events.k8s.io/v1 Event.Reason is machine-readable

tico88612 | 2 days open | high priority

Why flagged

- No reviews yet

Recommended actions

- > Assign a reviewer

#139113 - node: markPodsNotReady on false?unknown node transition

ngpayyappilly | 2 days open | high priority

Why flagged

- No reviews yet

Recommended actions

- > Assign a reviewer

#139112 - fix: resource.ParseQuantity handles values near math.MaxInt64

KhalilMOH | 2 days open | high priority

Why flagged

- No reviews yet

Recommended actions

- > Assign a reviewer

#139110 - DRA PrioritizedList: lock to default-on

mortent | 2 days open | high priority

Why flagged

- No reviews yet

Recommended actions

- > Assign a reviewer

#139109 - Fix Windows in-cluster service account paths

mattsu2020 | 2 days open | high priority

Why flagged

- No reviews yet

Recommended actions

- > Assign a reviewer

#139133 - Add a performance test scenario with low QPS on connection to API server

ania-borowiec | 1 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139124 - apiserver: iterator-based JSON list encoding-part1

yedou37 | 1 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139121 - kubelet: defer CRI fallback removal to 1.38

carlory | 1 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139120 - kubelet: pass logger into pod resize cgroup updates

hoteye | 1 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139116 - Promote HostnameOverride feature gate to GA

HirazawaUi | 1 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139115 - Promote Envfiles feature gate to GA

HirazawaUi | 1 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139153 - authentication: use constant-time compare in static token authenticator

ibondarenko1 | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139152 - Automated cherry pick of #139143: Fix informer store setting store version to noop

michaelasp | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139148 - Automated cherry pick of #138837: Clarify multi-attach events

mattcary | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139147 - Automated cherry pick of #138837: Clarify multi-attach events

mattcary | 0 days open | high priority

Why flagged

Recommended actions

> Assign a reviewer

#139146 - Automated cherry pick of #138837: Clarify multi-attach events

mattcary | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139144 - Increase pod count in NodeDeclaredFeatures plugin scheduler perf test

pravk03 | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139140 - Add LoadBalancerIPMode test for Windows kernelspace proxy mode

kairosco | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139137 - Manual cherry pick selinux metrics perf

gnufied | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139136 - Automated cherry pick of #138981: Improve performance characteristic of selinux metric emission

gnufied | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139154 - cleanup(apiserver): deprecate cache list metrics (unify storage list metrics-part3)

yedou37 | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139156 - [POC][WIP] Kubelet preloaded images

stlaz | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139155 - Automated cherry pick of #138016: fix PodGroup protection test flake by waiting for pod watch before delete

varshadeshmane92 | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

> Assign a reviewer

#139157 - Bump cadvisor to 0.57.0

skitt | 0 days open | high priority

Why flagged

- No reviews yet

Recommended actions

- > Assign a reviewer

#139101 - Setup metav1.Condition for declarative valdiations.

lalityc375 | 3 days open | medium priority

Why flagged

- Large change set (83 files)

Recommended actions

- > Split into smaller PRs for faster review

#139129 - E2E node: enable using release archives for periodic jobs, simplified

pohly | 1 days open | medium priority

Why flagged

- Large change set (25 files)

Recommended actions

- > Split into smaller PRs for faster review

#139139 - [do not merge] Prepare etcd for beta release

Jefftree | 0 days open | medium priority

Why flagged

- Large change set (234 files)

Recommended actions

- > Split into smaller PRs for faster review

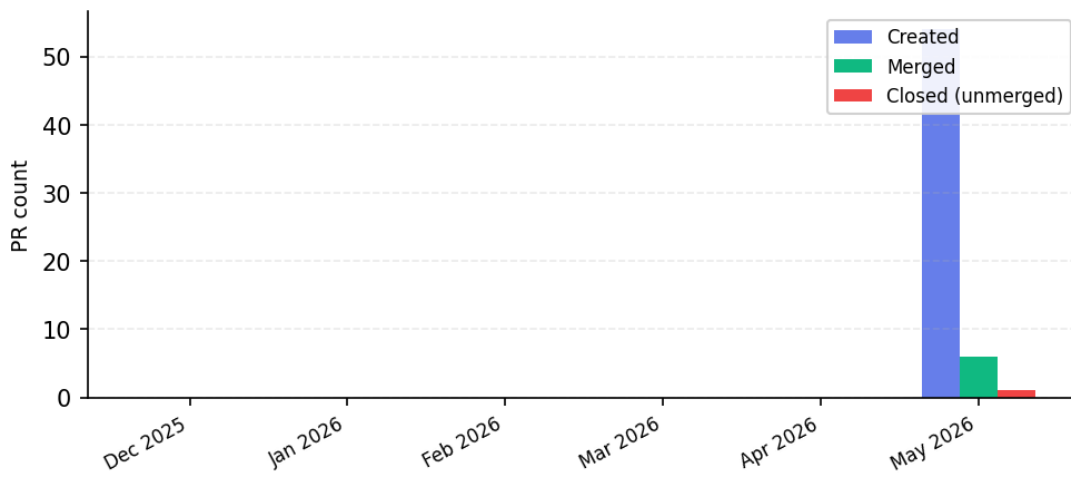

PR Risk & Delay Predictions

Scores are rule-based estimates (ML models not trained yet). Re-analyze after training models for ML predictions.

#	Title	Author	Risk	Bottleneck	Est. delay	Est. review wait
